

Brussels, 28 October 2009

Dear regional representative,

It is with great pleasure that the Belgian Court of Audit has offered to host the work session of the INTOSAI regional representatives on 28 - 29 January 2010 in Brussels. The subject of the work session is the SAI mandate mapping project that was agreed at the PSC Steering Committee meeting in June 2009.

The mapping of SAI tasks is the initial, important step in the proposed revising of INTOSAI's Fundamental Auditing Principles, which is expected to be implemented in the coming PSC mandate period 2010 – 2013. Having a clear overview of the tasks that are being performed by SAIs is essential for the effort to ensure that the ISSAIs are useful to all SAIs. The report on the results of the SAI mapping performed in the last quarter of 2009, which is expected to be the outcome of the work session, will provide the basis for the work lying ahead of the PSC in the next four years. It is therefore important that all INTOSAI's regional working groups are represented at the meeting. Adviser Kristoffer Blegvad, Denmark, will be chairing the SAI mapping discussions.

At the meeting, also future activities relating to ISSAI awareness raising in the regions will be discussed. This part of the meeting will be chaired by Senior Adviser Ane Elmose, Denmark. Please see the attached draft agenda for further details.

Please complete the attached registration form no later than 18 December 2009 and return it to the Belgian Court of Audit, att.: saimapping2010@ccrek.be with a copy to mem@rigsrevisionen.dk.

The Belgian Court of Audit looks forward to welcoming you in Brussels in January 2010.

Yours sincerely,

F. VANSTAPEL
Senior President of the Belgian Court of Audit
